RUSTIC

Refreshing in its simplicity, the rustic style highlights natural beauty and a rugged, resilient spirit.

Derived from the unpretentious roots of the American pioneer ancestors who used rough logs, bare plank floors, organic textures and shapes and natural warmth, it's become as popular in the heart of the city as it is out in the woods.

CHARMING *Stool*

Make sure your space always has enough seating with extra stools in the mix. This Eucalyptus Wood Stool is the perfect option, with its casual frame and rustic finish. Try it in the living room as a seat or footstool, or even as a no-frills seat in the kitchen.

MANGO *Wood*

This Mango Wood Cutting Board and Tray are built of durable solid construction and meant to last a lifetime. They are perfect for chopping meats, fruits and vegetables. The handle makes it easy to go from kitchen to table for serving appetizers of cheese, bread or meats. The matte lacquer finish helps to seal the cutting board and protect it from harmful bacteria.

WHY WE *Love it*

Rustic decor meets functional style with this gorgeous and fun hanging bread board. This hanging vase is constructed of natural wood with one attached glass mason jar for organizing your home. It also works as a unique indoor garden display with succulents or air plants.

VERSATILE *Enamel*

Beautifully crafted and designed to make your kitchen stand out. These classic containers is as durable as it is versatile, and has long been a homeowner's favorite in the kitchen and on the table.

Creative Co-Op Home enamelware collection moves easily from indoor to outdoor. It's outdoor and camp friendly, dishwasher safe, but not intended for the microwave.

SERVING *Cart*

Mobile and versatile, this enamel cart serves a wide range of purposes. Two tiers offer plenty of space for storage and for outdoor entertaining. Try using it as an eye catching bar cart, or use it as a kitchen cart. The cart has casters and built-in handles so you can move it where needed with ease.

WHY WE *Love it*

Decorate your home and kitchen with this versatile vintage-inspired Metal Table distressed white enamel finish with a touch of rustic elegance.

RUSTIC *Decor*

This cinema inspired, adjustable height, full metal floor lamp with glass bulb cover and collapsible tri-base, is a practical and elegant light that can be used in any space. You will love what it adds to your rustic home decor.

INDUSTRIAL *Setting*

Elegant Wooden Rustic Blackboard makes a beautiful addition to your rustic decor. It is both decorative and functional with a blackboard on top and a tray on bottom and wooden frame. Fitting to display in your coffee shop as your menu for the week, or perhaps you'd rather place all of your to-do's for the day. Whatever you choose, this definitely will bring it in style.

WHY WE *Love it*

Simple yet sophisticated, this Metal Round Cafe Table is a stylish and functional addition to your kitchen or cafe bar. Perfect for compact apartments and small spaces. With a stunning, wood elm top, includes a black, x-pedestal base and pairs well with a variety of home decor styles and color palettes.

INDUSTRIAL

Featuring rustic, weathered finishes and touches of galvanized metal, Creative Co-Op Home's Industrial collection combines utilitarian design with worn textures and the warmth of raw aged woods. The interest and depth in the space will be found in the mix of textures and patina.

COTTAGE

Cheerful, laid back and welcoming, cottage style feels like a giant hug. Cottage style is as much a frame of mind as it is an approach to decorating. There's an everyday ease in the way it celebrates imperfections, ordinary treasures and blended families of furniture, it tends to be humble, unpretentious and full of heart.

Galvanized DECOR

Galvanized metal decor is practical and pretty! This sturdy metal is perfect for functional uses in shelves and tables, but also looks great in galvanized metal wall decor and on decorative accessories. It gives your home a touch of cool, industrial appeal that pairs perfectly with warm wood finishes.

A fixture on American farms, galvanized metal has earned our affection for its simple style. Its ability to stand up to moisture makes it ideal for use as a planter fitted with container plants, any-weather outdoor storage or an ice-filled cooler for drinks.

VINTAGE *Table*

Add some classic industrial charm to your home with this Metal Scalloped Edge Table with wood top. The dark elm wood tabletop gives this high top table a sophisticated look without being too fussy. The T-brace under the top that provides additional support and stability. No-mark feet keep it from sliding or scratching hardwood floors. The unique and distressed finish of the frame really sets this table apart from others.

WHY WE *Love it*

These Mango wood hand-carved candle holders are a great choice if you are going for a high-style farmhouse look. This beautiful set in solid wood and with each candle holder boasting a cream distressed finish, completing the overall unique look.

MID CENTURY MODERN

This singular design style blends arresting shapes, graphic patterns and quirky accents.

The style reappeared on our radar screens more than a decade ago, but the wildly popular show Mad Men has pushed it even farther into the limelight. Its uncomplicated, fresh aesthetic arose from a desire to propel postwar America into the modern era and recast design through a bold new lens.

NORDIC

TRADITIONAL

MODERN AND *Elegant*

These metal lamps add a quiet sophistication to any room. Its white finish pairs cleverly with antique brass accents to evoke a luxurious yet industrial feel amongst all its onlookers and perfectly complements any space. As functional as it is sleek, this lamp has an adjustable arm for directional light and convenient in-line switch. Suitable for a home office, living room or entryway, this lamp delivers just the right amount of light.

SIMPLE *Terrariums*

Showcase your charming tabletop oasis with these brass and glass terrariums. Design your own miniature garden with orchids, mosses, cacti or succulents; and surround them with sand, rocks, pebbles or decorative items. Create your own whimsical indoor garden and give your air plants the geometric home they deserve.

WHY WE *Love it*

Bordered by a subtle brass edging, these folding photo frames come equipped with latch to open and lock shut. Showcase photos, pressed flowers and much more with a modern sentiment. Perfect for your tabletop, wall shelf, nightstand or desk.

WOOD AND *Marble*

Serve artisan cheeses alongside your favorite reds or whites in sophisticated style with the help of this luxury cheese board. The board itself is made out of a premium quality marble, while the handle is crafted out of natural wood for added durability.

Use this gorgeous serving piece to present a savory torte or a sweet olive-oil-and-Sauternes cake. The board is perfect for that special artisanal cheese, and as a table trivet. Of course, a serving piece this elegant makes an ideal gift for a host or hostess. Handwashing with a mild soap is recommended for best care, and the board coordinates with and complements other kitchenware products for the creative home cook. Perfect for countertop kitchen prep and as a tabletop serving piece.

IMPRESSIVE *Display*

Organize your dining or home office with this Mid-Century Modern Classic Wood Cabinet on Metal Stand, its contemporary attitude imparting modern charm into any interior. Constructed of a combination of MDF and particle board for long-lasting sturdines. Used in both office and home settings, the cabinet fits exceptionally well into tight spaces, providing storage space for books and files. The spacious airy feel of the cabinet is attributed to four of its tall metal legs which raise the body of the cabinet off the floor occupying minimal space both physically and visually.

WHY WE *Love it*

With its high back and curvaceous frame, this woven chair will be a stylish addition to any room in your home. Tapered block style mango wooden feet anchor the base of the chair enhancing the polka dots pattern in blue fabric.

NORDIC

Scandinavian furniture is both simple and practical yet never sacrifices design. Scandinavian design epitomizes quality materials, longevity and beauty and when used together, you can create a chic, fresh and Scandinavian infused interior.

BOHEMIAN BAZAAR

During the 18th century, intellectual and economic exchanges between East and West became increasingly frequent. This exchange of ideas and trade resulted in arts and crafts that displayed both Eastern and Western characteristics. European monarchs of that era often blended Oriental accents with Baroque and Rococo elements to create luxurious and exotic environments.

TURN OF THE CENTURY

Creative Co-Op Home's Turn of the Century collection reflects a medley of influences from a period of time defined by discovery, industrialization and progress. This collection has a more masculine aesthetic with the use of dark, traditional colors that reflect the conservative style of the time. Traditional American furniture forms are buttressed by decorative forms that range from retro to classic to create a timeless ambiance.
