CONCEPT

HOTEL FURNITURE

GLOBAL HIGH-END HOTEL FURNITURE SUPPLIER

GROUP PARTNER

SOLID WOOD WORKSHOP

The workshop is equipped with internationally leading CNC panel cutting equipment, which cuts panels with micron-level precision to ensure the accuracy of each piece of raw material. The fully automatic intelligent edge banding system, using environmentally friendly and high-quality edge banding materials, not only provides strong protective performance for the boards but also shapes smooth and beautiful edge lines.

UPHOLSTERY WORKSHOP

From fabric cutting and pattern making to meticulous sewing, from frame assembly to detailed polishing, every process embodies the ingenuity and perseverance of the artisans. A strict quality inspection system runs through the entire production process to ensure that every piece of soft furniture is not only fashionable and elegant in appearance, but also meets the industry-leading standards in terms of durability and comfort. Here, soft materials and exquisite craftsmanship are perfectly integrated, creating a luxurious and ultimate comfortable resting experience for high-end hotel rooms and public Spaces.
